Lessons & activities follow a consistent weekly routine

PREFIXES

Third Grade Grammar
L.3.4.B

Monday

- Minilesson

*Each day's lesson & activity is designed to take 15 minutes.

1. Project the teaching PowerPoint. Introduce the weekly grammar skill. Read the lesson slides with students.
2. Follow the minilesson with whole group practice. For the first two practice slides, guide students in identifying the prefix and root word in each word, then tell the meaning of the word. There are two other practice slides to help students practice with understanding the meaning of prefixes. These can be used to replace the first practice or in addition to the first practice. One of the practice activities can also be used on another day to help students review the skill.
3. Students work with a partner for the partner practice slide. Students use a journal, scrap paper, or whiteboards for the writing portion of the slide.

Tuesday

- Practice worksheet

1. Review the minilesson slides if needed. Project the Talk About It slide for students to review further.
2. Students complete the practice worksheet.

Wednesday

- Task Card Center

Students continue practice using task cards. Use the cards as a literacy center or place them around the room for students to "room the room" to complete with a partner. Another option is to spread the cards onto desks. Students complete the card and pass it on to the next student. Students can complete the cards in any order.

Thursday

- Writing Grammar Gazette

Students apply the weekly grammar skill to their writing.

1. Choose the option you wish students to use. Easily differentiate for students who need more guidance with the word bank version.
2. Students write a short, 3-4 sentence news story about the picture that includes words in the weekly grammar skill. Students circle the target words in their writing or trade papers with a partner to find and circle them.

Friday

- Assessment
- Grammar Glossary

1. Students glue the Grammar Glossary pages into their notebooks for future reference. If you wish to extend the glossary and add a list generating activity, it can be done during your literacy center time or when time allows.
2. Students finish the week by taking the assessment.

AS A REFERENCE NOTEBOOK

Collect all the grammar units! Students create a grammar glossary to use as a reference by gluing the pages into a notebook. Glue the label to the notebook's cover.

AS ADDED PRACTICE

Have students generate lists of examples for added practice. Easily differentiate by asking students to generate longer words or choose words from their lists to write sentences.
